

Corporate governance

This report complies with the SIX Swiss Exchange Corporate Governance Directive, which entered into force on 1 October 2014, in its current version as of 2 January 2020, where applicable to Bucher Industries. Unless otherwise stated, the information presented reflects the situation on 31 December 2019.

Group structure and shareholders

Operational group structure The Bucher Industries Group is organised in five divisions. The five divisions comprise: specialised agricultural machinery (Kuhn Group), municipal vehicles (Bucher Municipal), hydraulic components (Bucher Hydraulics), manufacturing equipment for the glass container industry (Bucher Emhart Glass), equipment for making wine, fruit juice, beer and instant products, a distributorship for tractors and specialised agricultural machinery in Switzerland and control systems for automation technology (Bucher Specials). At group level, the corporate centre provides finance, group development, legal and compliance, communications and cyber security functions to support the Group and its companies in their activities. The Group's operational structure is shown in the chart below and detailed segment information is presented in the notes to the consolidated financial statements on pages 83 and 84 of this annual report.

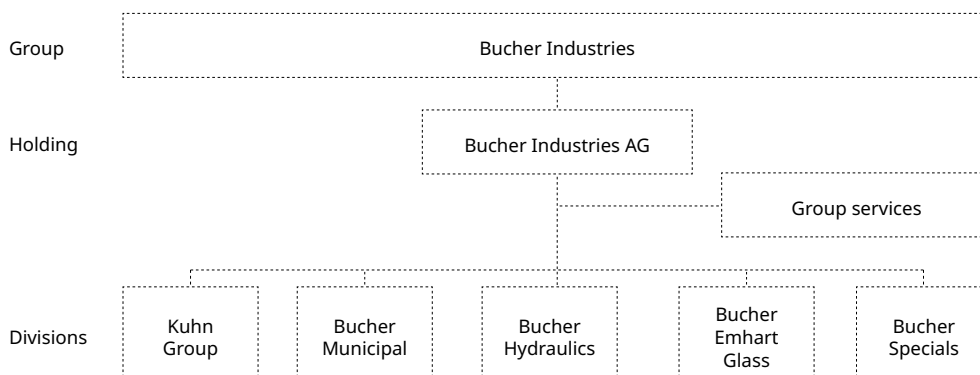

Group companies and consolidation Bucher Industries AG, incorporated in Niederweningen, Switzerland, is the Group's holding company. Its registered shares are listed on the main segment of SIX Swiss Exchange. Details are given in the information for investors section on pages 14 and 15 of this annual report. The consolidation includes all group companies owned directly or indirectly by the holding company. The principal group companies are listed on pages 103 to 105 of this annual report. None of these companies is listed on a stock exchange.

Shareholders The registered shares of Bucher Industries AG are widely held by public shareholders. A group of shareholders organised under a shareholders' agreement, represented by Rudolf Hauser, Zurich, holds a total of 35.2% of the voting rights, as published in the latest Swiss Official Gazette of Commerce (SOGC) on 10 May 2005 and subsequent to the share capital reduction in June 2012. The essence of the shareholders' agreement and the number of shares held by individual group members have not been published. At the reporting date, the board of Bucher Industries AG was not aware of any other persons who hold more than 3% of the issued share capital of Bucher Industries AG and was not aware of any shareholders entered in the share register with voting rights or groups of shareholders subject to voting agreements who hold more than 3% of the issued share capital. Notifications can be viewed via the SIX Swiss Exchange website.

There are no cross-shareholdings between Bucher Industries AG and other companies.

Operational group structure

Capital structure

Capital The issued share capital of Bucher Industries AG stands at CHF 2'050'000. It is composed of 10'250'000 registered shares at a par value of CHF 0.20 each. Bucher Industries AG has conditional authorised but unissued capital up to a maximum of CHF 236'820. There is no additional authorised capital.

Conditional authorised but unissued capital The share capital of Bucher Industries AG may be increased by a maximum of CHF 236'820 through the issuance of up to 1'184'100 registered shares with a par value of CHF 0.20 each. The conditional authorised but unissued capital is reserved for the exercise of warrants or conversion rights attached to bonds and of rights issued to shareholders. Shareholders have no pre-emption rights. Holders of warrants, options or conversion rights are entitled to subscribe for new shares. No such rights are outstanding at present. Warrant or conversion terms are determined by the board of directors. The board is authorised to disapply shareholders' pre-emption rights for good cause, as provided in art. 653c par. 2 of the Swiss Code of Obligations. In such cases, the board is responsible for specifying the structure, life and amount of the issue as well as the warrant or conversion terms according to market conditions at the time of issue.

Changes in capital There were no changes in capital in the last three reporting periods.

Shares Bucher Industries AG has an issued share capital of CHF 2'050'000, divided into 10'250'000 registered shares with a par value of CHF 0.20 each. All shares are fully paid-up and rank for dividend. Each share carries one vote at general meetings of shareholders. Bucher Industries AG has not issued any participation or profit-sharing certificates.

Restrictions on transferability The company's registered shares are not subject to any restrictions on ownership or transferability. Pursuant to the articles of association of Bucher Industries, the board has established principles for the registration of nominees. Persons who do not expressly state in the application for registration that the shares are held for their own account (hereinafter "nominees") will be recorded in the share register as shareholders with voting rights up to a maximum of 2% of the share capital then outstanding, provided that such persons have previously entered into a nominee agreement with Bucher Industries AG. If the 2% threshold is exceeded, registered shares held by nominees will be entered with voting rights only if the nominee agrees in writing to disclose the names, addresses and shareholdings of the persons for whose account the nominee holds 0.5% or more of the share capital then outstanding. The 2% threshold also applies to nominees who are affiliated by capital or votes, through common management or otherwise.

Convertible bonds and share options Bucher Industries AG has no outstanding convertible bonds and no outstanding share options.

Independence All directors are non-executive and independent, which means they do not perform any operational duties within the Group, have not been members of the management of Bucher Industries for the last three years and do not have a material business relationship with the Group. Philip Mosimann was CEO and group management member of Bucher Industries until the annual general meeting on 15 April 2016.

Elections and terms of office On 17 April 2019, the directors, the chairman of the board and the members of the compensation committee were elected by the annual general meeting up until the close of the next annual general meeting. The re-election of members of the board of directors extends only to the date of the annual general meeting which follows the member's 70th birthday. The persons listed in the table on page 54 of this annual report were elected in the reporting period.

Number of admissible activities (external appointments) Members of the board of directors may exercise a maximum of four appointments in listed companies and no more than ten in unlisted legal entities as a member of the senior management or administrative body. Appointments in companies that are linked, but outside the Group, as well as appointments that are held in connection with the exercise of such a function, count as one appointment, as long as no more than 30 appointments in all are held with such linked companies. Pro bono appointments are not subject to the above-mentioned restrictions. However, no member of the board of directors may hold more than 20 such appointments. This regulation complies with art. 29 of Bucher Industries AG's articles of association.

Internal organisation The board determines the strategic direction and oversees the management of the company as provided in the Swiss Code of Obligations, the articles of association and internal rules of organisation, an abridged version of which is available on the Bucher Industries website. It meets as often as business requires, holding at least six scheduled meetings each year, which generally take place every two months. The meetings are usually attended by the CEO and CFO and by other members of group management, members of division and segment management or specialists, depending on the items on the agenda. The secretary to the board takes minutes of the proceedings and resolutions. The meetings generally last one day; the annual strategy meeting lasts two days. In the reporting period, there were seven meetings, of which one was a five-day strategy trip in Brazil and one a conference call. One member of the board was excused attendance at one board meeting. Otherwise, all the meetings were attended by all board members, the CEO and the CFO.

Committees To assist with its responsibilities, the board of directors has an audit committee and a compensation committee appointed from among its members. The roles and responsibilities of the audit committee are described below and are published in the abridged version of the rules of organisation on the website of Bucher Industries; those of the compensation committee are listed in the remuneration report on pages 60 to 66 of this annual report. The committees report to the board of directors on their activities, findings and proposals. Overall responsibility for the tasks assigned to the committees rests with the board of directors. The annual term of office for audit and compensation committee members begins with the annual general meeting and continues until the next annual general meeting. Proceedings and resolutions of committee meetings are recorded in minutes.

www.bucherindustries.com/en/investor-relations/corporate-governance

Audit committee On 17 April 2019, the composition of the audit committee was determined by the board of directors as follows: Heinrich Spoerry, chairman, Michael Hauser and Martin Hirzel. All of its members are non-executive and independent. The audit committee meets at least three times a year. A meeting generally lasts half a day. The chairman of the board, CEO and CFO attend the meetings in an advisory capacity. Depending on the items on the agenda, the internal or external auditors, members of group, division and segment management or specialists are consulted. Seven meetings were held in the reporting period, one of which was a telephone conference. All members of the audit committee and the chairman of the board and CFO were present at all the meetings. The CEO was excused attendance at the telephone conference. In the reporting period, the meetings focused on the new concept for the financial report, the accounting manual in accordance with Swiss GAAP FER and the following scheduled duties. The audit committee prepares a comprehensive and efficient group audit concept, proposes it to the board of directors and then monitors its implementation. It determines key areas of the audit plan for the external and internal audits, receives reports from the auditors and appoints the head of the internal audit function, who reports to the chairman of the audit committee. For a preliminary decision, the audit committee evaluates the independence and performance of the external and internal auditors and finally determines the level of their remuneration. The audit committee's role also includes preparing the board's proposal for the appointment of the auditors, reviewing the organisation of the accounting system, ensuring the Group's financial controls and financial planning and reviewing the plans, budgets and financial statements of the Group and its group companies, including individual projects involving significant commitment of capital. The key areas of the audit plan for the external audit in the reporting period were the valuation of inventories, goods receipt and invoice verification and management controlling processes. The external auditors also conducted an in-depth assessment of the change in accounting and reporting under Swiss GAAP FER and the existence of internal controls in the areas of purchasing, investments and personnel. The external auditors attended two meetings of the audit committee. Internal audit carries out audits in the Group in accordance with the audit concept proposed by the audit committee and determined by the board. The chairman of the audit committee agrees the audit programme with the chairman of the board. The coordination and implementation of audits are delegated to the CFO. The internal audit work is contracted out externally. The head of the internal audit function reports to the chairman of the audit committee. The internal audit function reports the results of its audits to the audit committee at a minimum of one meeting each year. The internal audit plan focused on comprehensive verification and evaluation of the internal control system processes at several group companies. In the year under review, three meetings took place with the internal auditors.

Compensation committee Information about the compensation committee is given in the remuneration report on pages 61 and 62 of this annual report.

Authority and responsibility The board has delegated the Group's operational management to the CEO, the CFO and other group management members. Their authority and responsibilities are set out in the internal rules of organisation. A short version of the rules of organisation is available as a PDF document on the Bucher Industries website. The board oversees the operational management. www.bucherindustries.com/en/investor-relations/corporate-governance

Information and control systems relating to group management As part of the management information system, the board receives monthly key figures, consolidated financial statements and management comments from group management, providing information on operational performance and performance indicators within the Group, divisions, segments and major group companies. At each meeting, the board is also informed about the course of business, important projects and risks. Once a year, it conducts an in-depth assessment of the Group's risk situation on the basis of a risk report prepared under the direction of the CEO, with the participation of members of group management and group services. Written proposals are prepared under the direction of the CEO for any major projects requiring a board decision. In addition to the chairman, one member of the board can attend each of the annual divisional strategy reviews, which are led by the CEO, in order to gain greater insight into the business. In the reporting period, the CEO, the chairman of the board and a member of the board of directors all took part in the strategy meetings. The board of directors is also supported in its supervisory and control function by internal audit and the external auditors.

Pro bono appointments are not subject to the above-mentioned restrictions. However, no member of the group management may hold more than 20 such appointments. This regulation complies with art. 29 of Bucher Industries AG's articles of association.

Management contracts Bucher Industries AG has not entered into any management contracts with third parties.

Shareholders' participation rights

Shareholders' rights with regard to remuneration are detailed in the remuneration report on pages 60 to 66 of this annual report.

Voting rights and representation restrictions There are no restrictions on voting rights or proxy voting.

Independent proxy holder The independent proxy holder is elected on an annual basis by the annual general meeting. In the reporting period, the annual general meeting of 17 April 2019 elected Mathé & Partner, Attorneys-at-Law, Riesbachstrasse 57, 8034 Zurich, Switzerland, to the office of independent proxy holder, which the firm will hold until the next annual general meeting. Art. 8 of the company's articles of association stipulates that every shareholder with voting rights can issue a written or electronic proxy to arrange representation at the annual general meeting by the independent proxy holder.

Instructions to the independent proxy holder Bucher Industries AG's articles of association have no provision regarding the procedure for issuing instructions to the independent proxy holder. The board of directors determines, within the scope of legal provisions, the requirements relevant to proxies and instructions and can stipulate specific regulations. Details of such stipulations are provided with the invitation to the annual general meeting. In the reporting period, every shareholder received, along with the invitation to the annual general meeting, a form for the purpose of issuing a proxy, in writing or online, arranging representation at the annual general meeting and giving instructions to the independent proxy holder. Instructions were restricted to approval, rejection or abstention on each of the proposals. For additional proposals or amendments, shareholders were able to issue a global instruction to approve, reject or abstain from the respective proposal of the board of directors. Shareholders were given a deadline until 15 April 2019 at 3.30 p.m. for the issue of proxies and instructions online. Shareholders who issued their proxy online were not permitted to attend the annual general meeting personally as well.

Electronic participation in the annual general meeting The articles of association of Bucher Industries AG contain no provision regarding electronic participation of shareholders in the annual general meeting. Likewise, no such provision was planned in the reporting period.

Required quorums Resolutions at general meetings of shareholders are passed by an absolute majority of the votes of the shares represented. At least two-thirds of the votes represented and an absolute majority of the par value of the shares represented are required for special resolutions as prescribed in art. 704 par. 1 of the Swiss Code of Obligations.

Convocation of the general meeting of shareholders There are no rules that differ from the law for the convocation of general meetings of shareholders. As provided in the articles of association, notice of a meeting is given to shareholders at least 20 days before the meeting. The notice convening the meeting sets out the agenda and resolutions proposed by the board and by shareholders who have requested an item to be added to the agenda. According to the articles of association, the board of directors determines the date for registration of shareholders in the share register and announces the date in the invitation. As a rule, it is stipulated that shareholders must be registered four working days before the date of the meeting. Extraordinary general meetings are called as and when required, in particular in the cases provided by law. Shareholders representing at least one tenth of the share capital may at any time request that a meeting be convened stating the business to be transacted and resolutions proposed.

Requests for additions to the agenda Shareholders representing shares with a combined par value of CHF 20'000 may request that an item be added to the agenda. Requests for additions to the agenda must be submitted at least six weeks before a general meeting of shareholders.

Obligation to make an offer and clauses on changes of control The annual general meeting of shareholders held on 26 April 2005 adopted an opting-up clause in the articles of association, requiring a purchaser of shares to make a public tender offer when reaching or crossing the threshold of 40% of the voting rights in accordance with the Federal Act on Financial Market Infrastructures and Market Conduct in Securities and Derivatives Trading. There are no change of control clauses benefiting directors or group management members.

Auditors

Duration of the engagement and lead audit partner's tenure PricewaterhouseCoopers AG, Zurich, or its predecessor companies, has served as statutory auditors of Bucher Industries AG since 1984. The lead audit partner, Christian Kessler, has been responsible for the audit engagement since 2013.

Audit fees and non-audit fees For the reporting period, Bucher Industries was charged CHF 1'551'000 by PricewaterhouseCoopers and CHF 861'000 by other auditors for services rendered in connection with the audit of the financial statements of Bucher Industries AG and its group companies, and the audit of the consolidated financial statements of Bucher Industries and the remuneration report. In addition, PricewaterhouseCoopers charged Bucher Industries fees of CHF 573'000 for non-audit services, comprising financial, tax and due diligence services.

Supervisory and control instruments pertaining to the audit The audit committee reviews the audit programme, key audit areas and audit plan every year and discusses the audit findings with the auditors. Every year, the audit committee subsequently assesses the independence, performance and fees of the auditors.

Information policy

Publications According to art. 36 of the articles of association, the official organ of publication of Bucher Industries AG is the Swiss Official Gazette of Commerce (SOGC). Communications and invitations to shareholders may also be made by regular letter to the addresses recorded in the share register.

Reports and annual general meeting Bucher Industries publishes the results of operations in an annual report (including a corporate governance, remuneration and financial report) and an interim report. On 27 June 2019, the Group published a sustainability report in accordance with GRI standards. These publications and the invitation to the annual general meeting of shareholders are made available at the appropriate time on the Bucher Industries website.
