Outlook and trends

Volatile market environment

Group: outlook for 2024

Demand affected by the volatile environment also in the second half of the year

- **Kuhn Group:** decrease in sales and lower operating profit margin
- **Bucher Municipal:** sales in line with 2023, operating profit margin likely to increase, but probably not yet reach the margin target of 9%
- **Bucher Hydraulics:** decline in sales and operating profit margin
- **Bucher Emhart Glass:** slightly weaker sales compared with the very high prior-year sales, operating profit margin somewhat lower than in 2023
- **Bucher Specials:** slight decline in sales and lower operating profit margin

Lower sales compared to 2023; decline of operating profit margin, but still in the double digits; profit for the year expected to be lower than the high level recorded in the previous year

Growth ambition by aligning with trends

In line with historical growth rate of 3-4% p.a.¹⁾

Major trends

Population growth

Urbanisation

Growing middle class

Climate change

Selected initiatives with largest sales impact on Bucher Industries

Larger and more productive agricultural machinery and solutions for precision and conservation farming

Electrified mobile machines

Electrohydraulics

Automation and intelligence
