

Group presentation

Bucher – since 1807

2015 business year

BUCHER

Kuhn Group

Agricultural machinery

- Tillage
- Seeding
- Fertilisation
- Spraying
- Landscape maintenance
- Hay and forage harvesting

Sales: CHF 1 070 million
Employees: 4 800

Bucher Municipal

Municipal vehicles

- Compact and truck-mounted sweepers
- Refuse collection vehicles
- Salt spreaders
- Snow plough

Sales: CHF 380 million
Employees: 1 500

Bucher Hydraulics

Hydraulic systems

- Mobile and industrial hydraulics
- Pumps
- Motors
- Valves
- Cylinders
- Elevator drives

Sales: CHF 460 million
Employees: 2 000

Bucher Emhart Glass

Glass container industry

- Glass-forming machinery
- Inspection machinery
- Transport and handling systems
- Integrated systems

Sales: CHF 360 million
Employees: 1 800

Bucher Specials

Individual businesses

- Equipment for processing wine, fruit juice, beer, instant products, and for dewatering sewage sludge
- Swiss distributorship for agricultural machinery
- Control and automation technology

Sales: CHF 260 million
Employees: 800

Number 1 market positions

BUCHER

Kuhn Group	worldwide in forage harvesting machinery and feed mixers
Bucher Municipal	in Europe in sweepers
Bucher Hydraulics	in Europe in special segments of mobile hydraulics
Bucher Emhart Glass	worldwide in glass container manufacturing equipment
Bucher Specials	worldwide in fruit juice and wine production equipment

Main manufacturing sites worldwide

BUCHER

Total 5 continents
42 sites

- Increase in company value (RONOA > WACC)
- Diversified group focused on mechanical and vehicle engineering
- Strengthening of existing divisions
 - Continuous product innovation
 - Operational efficiency with flexible structures
 - Internal growth and targeted acquisitions
- Decentralised responsibility for products, markets and results: delegated to divisions
- Clear central functions
 - Strategy and operations reviews
 - Treasury, Controlling, Tax, Legal, Compliance, M&A, Investments, Communication
 - Management and remuneration systems
 - Bucher Management Training
- Solid balance sheet for long-term industrial independence

Medium-term earnings targets

EBIT margin	2011	2012	2013	2014	2015	targets
Kuhn Group	11.3	12.5	14.9	12.1	10.2	12
Bucher Municipal	7.0	9.3	8.6	7.7	8.4	8

Bucher Specials	6.1	8.1	10.0	8.9	5.0	10
Bucher Industries	8.1	8.9	10.7	9.2	8.3	10
Group and divisions						
RONOA after tax	17.0	17.0	19.3	15.8	11.5	>16

¹⁾ After restructuring costs of CHF 9 million in 2012

Economic slowdown and currency effects

- Low prices reduce farmers' incomes and inhibit investment
- Stable demand for municipal vehicles; low level for winter maintenance equipment because of recent mild winters
- Pleasing growth at Bucher Hydraulics, particularly in North America
- Marked regional variations in demand for glass-forming machinery; brisk business with spare parts; positive impetus from cooperation with O-I
- Project postponements cause slump in business with beer and fruit-juice equipment
- Normalisation in winemaking equipment after high in previous year

Key figures

- Sales down 11%, including negative currency effect of 7%
- EBIT down 19% to CHF 207 million, including negative currency effect of 12%; EBIT margin down from 9.2% to 8.3%
- Group profit for the year at CHF 140 million, down CHF 50 million
- Return on equity of 11.9% and equity ratio of 49%
- Net debt of CHF 10 million

Net sales by division

Net sales and results

Net operating assets (NOA) and RONOA after tax

Equity and return on equity

Operating free cash flow, investments and net cash flow from operating activities

Net cash / debt and free cash flow

Total assets and equity

Equity ratio

Equity / Intangible assets

- Turbulent and volatile economic environment persists
- Geopolitical instability leads to uncertainties
- Group expects 2016 to be a challenging year
 - Market for agricultural machinery likely to weaken further
 - Public municipal sector to remain flat, absence of major orders from Moscow; acquisition of JHL, manufacturer of sewer-cleaning vehicles, brings new sales and additional growth potential
 - Differing hydraulics market segments should result in moderate growth
 - Slight growth in demand for glass containers, with big regional variations
 - Bucher Specials expects recovery realising delayed projects
 - Continued strength of Swiss franc
- Overall for 2016 the Group expects sales, operating profit and profit for the year on a par with the previous year

Kuhn Group

Market position

- World's leading manufacturer of specialised tractor-related agricultural machinery under one brand
- Use of several distribution networks reduces dependence and increases potential for high market share
- Broad customer base and independence from large customers
- Specialist in hay and forage harvesting machinery, tillage machinery, seed drills, sprayers, feed mixers
- Market share: up to 30% or more worldwide depending on the product family
- Main competitors: Krone (DE), Claas (DE), Pöttinger (AT), Amazone (DE), Exel (FR), Lemken (DE), Horsch (DE), Kverneland (NO) and other German, French and Italian manufacturers

Complete product range under one brand

Source: VDMA

Kuhn Group

World regional farm equipment market

By region 2015 (estimate)

Source: VDMA

Kuhn Group

2015 highlights

- Significant weakening of demand
 - Declining farmers' incomes inhibit willingness to invest
 - Massive slump in arable farming with regional variations: up to 30% and more
 - Dairy industry also affected in the second half, particularly in France, owing to abolition of EU milk quotas in March 2015
 - Meat sector with encouraging performance overall, despite market situation
- Brazil hit by severe recession and massive rise in cost of financing, even loss of favourable terms
- Eastern Europe strongly affected by geopolitical conflicts
- Division outperforms market as a whole
- EBIT margin down from 12.1% to 10.2%, with Brazil crisis accounting for one percentage point

Kuhn Group

Outlook for 2016

- Falling prices for agricultural products
 - High inventories due to very good harvests
 - Abolition of milk quotas in Europe results in overproduction
- Declining farmers' incomes inhibit willingness to invest
- Slump in demand for high-performance tractors and combines, particularly in arable sector
- Recession in Brazil hampers otherwise robust agricultural segment

- Profitability secured by consistent cost control
- Future growth assured thanks to innovation
- Ambition: sales decline less marked than market slowdown
- Operating profit margin expected in same range as previous year

Bucher Municipal

Entry into sewer-cleaning market

- Acquisition of J. Hvidtved Larsen A/S (JHL), Silkeborg, Denmark
- Key figures 2015
 - Sales DKK 443 million (CHF 64 million)
 - Double-digit EBIT margin
 - 200 employees
- Main products (> 80% of sales) for sewer cleaning
 - Cleaning vehicles with combined suction/hosing
 - Cleaning vehicles with water recovery
- Market presence: Great Britain, Denmark, Scandinavia
- Strategic rationale
 - Complementary products, same target customers
 - Kits mounted on truck chassis, same production technology for larger vehicles
 - High growth potential thanks to well-established Bucher Municipal sales organisation, especially in Central Europe, USA and Australia

JHL sewer-cleaning vehicles

BUCHER

Combination units

Flexline – Combi unit

Recycling units

RECYcler – Jetting unit

CityFlex – Small combi unit

Bucher Municipal

2015 highlights

- Overall, demand stable at low level
 - No improvement in financial situation of public sector
 - Fourth mild winter in a row dampens demand for winter maintenance equipment
 - Sluggish economy in Australia means weak demand for refuse collection vehicles
 - Market share gains in USA and launch of new type of sweeper
- Capacity fully utilised thanks to fourth major order from city of Moscow; worth CHF 30 million in 2015 (2014: CHF 53 million)
- Heavy competitive pressure due to supplier overcapacity and strong Swiss franc
- Positive impetus from Great Britain and USA
- Good EBIT margin of 8.4% thanks to manufacturing companies abroad
- Streamlining of production aimed at securing long-term competitiveness
- Aurelio Lemos, managing director of Bucher Hydraulics Switzerland, appointed head of division as of 1 March 2016

Bucher Municipal Outlook for 2016

- Restraint in investment by municipal authorities
- Individual replacement investments could provide some impetus
- Absence of key Russian market (2015: CHF 30 million) will be more than offset by acquisition of JHL
- Several successive mild winters weaken winter maintenance business
- Growth potential in North America thanks to new sweepers and JHL's sewer-cleaning vehicles
- Concentration of European series-production sweepers at manufacturing sites in England and Latvia
- Including JHL, overall growth in sales and operating profit on a par with previous year

Bucher Hydraulics

Market position

- Leading specialist in mobile, industrial and elevator hydraulics across Europe
- Presence strong in the USA and build up in Brazil, India and China
- Market share: 10% to 20% across Europe in specialised areas of hydraulic engineering
- Focus on customised drive solutions
- Main competitors: Bosch-Rexroth (DE), Sauer Danfoss (USA), Parker Hannifin (USA), Eaton Vickers (USA), Hydac (DE), Hawe (DE), Sun (USA), Husco (USA), Denison (USA), and a large number of further German, Italian and Chinese manufacturers

Bucher Hydraulics

Hydraulics market situation

Comparison of Bucher Hydraulics with VDMA Ölhydraulik (approx. 40 competitors)

Bucher Hydraulics

2015 highlights

- Diverse market trends
 - Brisk demand in North America fuels strong regional growth
 - Faltering market dynamics in Western Europe, especially in agricultural machinery, and strong first half in construction machinery, slowing in second half
 - No recovery in China, but some improvement thanks to internal measures
 - Encouraging growth in India with growing intra-divisional sales
 - Difficult to build business in Brazil because of recession – but some progress
- Sales growth underpinned by new series orders from global customers
- Outstanding operational performance increases EBIT margin by 1.3 percentage points to 11.5%

Bucher Hydraulics

Outlook for 2016

- Agricultural machinery segment should bottom out in current year
- Solid demand in materials handling segment expected to be maintained
- No signs of recovery in China and particularly Brazil
- Overall, modest sales growth thanks to series projects
- Operating profit on a par with previous year

Bucher Emhart Glass

Glass consumption per capita

Emerging Markets show significant growth potential, while Advanced Markets benefit from established world wine and beer markets

Emerging economies*: China, India, Vietnam, Nigeria, Brazil, Mexico, Colombia, Iran

Tempered-glass production line installed at Vetropack, Pöchlarn (Austria) since mid-2013

- May 2013 Completion of installation
- October 2013 Stable production of 0.33l bottles achieved
- By end of 2015 Process optimisation and validation
- 2016 First tempered-glass bottles to consumers

Bucher Emhart Glass

2015 highlights

- After slow start with order book low, demand increased during reporting year
- Wide regional variations
 - Lively project activity in Central and South America
 - Practically no demand in Eastern Europe, and Chinese market still subdued
 - Successful cooperation with O-I exceeds sales projections announced in 2013 of USD 50 million
 - After high in previous year, decrease in demand for inspection machinery
- Industrial scale-up of tempered-glass technology validated at Vetropack plant
- Marked increase in EBIT margin, up 2.7 percentage points to 6.6%
- Top-quality assembly plant in Malaysia; JV Sanjin, China, makes components and modules to international quality standards for division

Bucher Emhart Glass

Outlook for 2016

- Stable demand for glass bottles – no upturn expected in China
- Positive development of cooperation with O-I
- New generation of inspection machinery introduced to market
- Market testing of tempered-glass bottles
- Continued use of production capacities in China and Malaysia to facilitate further cost optimisation
- Further improvement in profitability thanks to slight growth in sales

Bucher Specials

2015 highlights

- Individual business areas facing widely differing market conditions
 - Winemaking equipment: normalisation of demand after high in previous year
 - Fruit-juice and beer-filtration equipment: slump due to project postponements and fall in beer consumption worldwide
 - Swiss distributorship for agricultural machinery: demand boosted thanks to rapid passing-on of euro rebate to customers; one-off negative impact of strong Swiss franc on operating profit
 - Automation Technology: growth and profitability in line with expectations
- Steep decline in sales and operating profit, in particular because of currency effects as well as slump in fruit-juice and beer equipment

Bucher Specials

Outlook for 2016

- Steady demand for winemaking equipment
- Investment in fruit-juice equipment expected to recover thanks to realisation of delayed projects
- Slight slowdown in Swiss market for agricultural machinery owing to 2015 euro advantage falling away
- Sales growth in control systems for industrial and mobile applications
- Overall, the division expects a slight increase in sales and significantly improved operating profit

Bucher Vaslin

Market position

- World market leader in winemaking equipment
- Strong global distributor network
- Specialised production facilities in France and Chile
- Market share: 35% to 45% worldwide
