

Corporate governance

Corporate governance

This report complies with the SIX Swiss Exchange Corporate Governance Directive, which entered into force on 1 October 2014 and, in its current version, as of 1 July 2017, where applicable to Bucher Industries. Unless otherwise stated, the information presented reflects the situation on 31 December 2017.

Group structure and shareholders

Operational group structure The Bucher Industries Group is organised in five divisions. The divisions comprise: specialised agricultural machinery (Kuhn Group), municipal vehicles (Bucher Municipal), hydraulic components (Bucher Hydraulics), manufacturing equipment for the glass container industry (Bucher Emhart Glass), equipment for making wine and fruit juice, a distributorship for tractors and specialised agricultural machinery in Switzerland, and control systems for automation technology (Bucher Specials). At group level, a corporate centre provides finance, group development, legal and communications functions to support the Group and its companies in their activities. The Group's operational structure is shown in the chart on page 46 and detailed segment information is presented in the notes to the consolidated financial statements on pages 86 to 88 of this annual report.

Group companies and consolidation Bucher Industries AG incorporated in Niederweningen, Switzerland, is the Group's holding company. Its registered shares are listed on the main board of the SIX Swiss Exchange and also traded on the over-the-counter markets of the Frankfurt, Stuttgart, Berlin and Xetra exchanges. Details are given in the information for investors section on pages 10 and 11 of this annual report. The consolidation includes all group companies owned directly or indirectly by the holding company. The principal group companies are listed on pages 113 to 115 of this annual report. None of these companies are listed on a stock exchange.

Shareholders The registered shares are widely held by public shareholders. A group of shareholders organised under a shareholders' agreement, represented by Rudolf Hauser, Zurich, holds a total of 35.2% of the voting rights, as published in the latest Swiss Official Gazette of Commerce (SOGC) on 10 May 2005 and subsequent to the share capital reduction in June 2012. The essence of the shareholders' agreement and the number of shares held by individual group members have not been published. According to the information available to

Bucher Industries the following persons held a stake in the registered share capital of Bucher Industries AG of more than 3%: according to disclosure notifications submitted to the SIX Swiss Exchange platform on 5 July 2011, BlackRock Inc., 40 East 52nd Street, New York, 10022, NY, USA, directly or indirectly via various subsidiaries, and according to disclosure notifications submitted on 22 August 2017, Norges Bank (the Central Bank of Norway), Oslo, Norway. These and earlier notifications can be viewed via the SIX Swiss Exchange website. At the reporting date, the board of Bucher Industries AG is not aware of any other shareholders entered in the share register and with voting rights, or groups of shareholders subject to voting agreements, who hold more than 3% of the issued share capital.

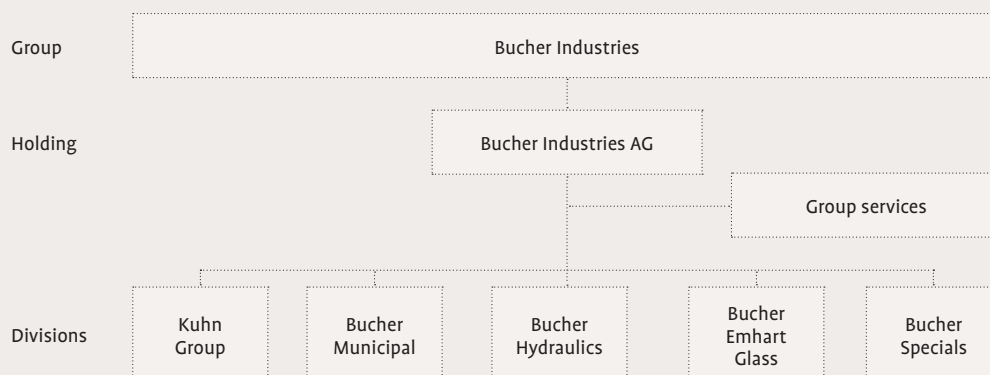

www.six-exchange-regulation.com/en/home/publications/significant-shareholders.html

There are no cross-shareholdings between Bucher Industries AG and other companies.

Capital structure

Capital The issued share capital of Bucher Industries AG stands at CHF 2 050 000. It is composed of 10 250 000 registered shares at a par value of CHF 0.20 each. Bucher Industries AG has conditional, authorised but unissued capital up to a maximum of CHF 236 820. There is no additional authorised capital.

Conditional authorised but unissued capital The share capital of Bucher Industries AG may be increased by a maximum of CHF 236 820 through the issuance of up to 1 184 100 registered shares with a par value of CHF 0.20 each. The conditional authorised but unissued capital is reserved for the exercise of warrants or conversion rights attached to bonds and of rights issued to shareholders. Shareholders have no pre-emption rights. Holders of warrants, options or conversion rights are entitled to subscribe for new shares. No such rights are outstanding at present. Warrant or conversion terms are determined by the board of directors. The board is authorised to disapply shareholders' pre-emption rights for good cause, as provided in art. 653c par. 2 of the Swiss Code of Obligations. In such cases, the board is responsible for specifying the structure, life and amount of the issue as well as the warrant or conversion terms according to market conditions at the time of issue.

Changes in capital There were no changes in capital in the last three reporting years.

Shares Bucher Industries AG has an issued share capital of CHF 2 050 000, divided into 10 250 000 registered shares with a par value of CHF 0.20 each. All shares are fully paid-up and rank for dividend. Each share carries one vote at general meetings of shareholders. Bucher Industries AG has not issued any participation or profit-sharing certificates.

Restrictions on transferability The company's registered shares are not subject to any restrictions on ownership or transferability. Pursuant to the articles of association of Bucher Industries, the board has established principles for the registration of nominees. Persons who do not expressly state in the application for registration that the shares are held for their own account (hereinafter "nominees") will be recorded in the share register as shareholders with voting rights up to a maximum of 2% of the share capital then outstanding, provided that such persons have previously entered into a nominee agreement with Bucher Industries AG. If the 2% threshold is exceeded, registered shares held by nominees will be entered with voting rights only if the nominee agrees in writing to disclose the names, addresses and shareholdings of the persons for whose account the nominee holds 0.5% or more of the share capital then outstanding. The 2% threshold also applies to nominees who are affiliated by capital or votes, through common management or otherwise.

Convertible bonds and share options Bucher Industries AG has no outstanding convertible bonds. Share options granted to members of the group management, division and segment management and selected specialists under the share option plan are shown on pages 65 and 105 of this annual report. The shares required to meet awards were purchased from the Bucher Beteiligungs-Stiftung share portfolio.

Independence All directors are non-executive and, with the exception of Philip Mosimann, independent, i. e. they do not perform any operational functions, have not been members of the management of Bucher Industries within the last three years and have no material business relationship with the Group. Philip Mosimann was CEO and group management member of Bucher Industries until the annual general meeting on 15 April 2016.

Elections and terms of office On 19 April 2017 of the reporting year, the directors, the board chairman and the members of the compensation committee were elected by the annual general meeting up until the close of the next annual general meeting. The re-election of members of the board of directors extends only to the date of the annual general meeting which follows the member's 70th birthday. The persons listed in the table below were elected in the reporting year.

Number of admissible activities (external appointments)

Members of the board of directors may exercise a maximum of four appointments in listed companies and no more than ten in unlisted legal entities as a member of the senior management or administrative body. Appointments in companies that are linked, but outside the Group, as well as appointments that are held in connection with the exercise of such a function, count as one appointment, as long as no more than 30 appointments in all are held with such linked companies. Pro bono appointments are not subject to the above-mentioned restrictions. However, no member of the board of directors may hold more than 20 such appointments. This regulation corresponds to art. 29 of Bucher Industries AG's articles of association.

Internal organisation The board determines the strategic direction and oversees the management of the company as provided in the Swiss Code of Obligations, in the articles of association and internal rules of organisation, an abridged version of which is available on the Bucher website. It meets as often as business requires, holding at least six scheduled meetings each year, which generally take place every two months. The meetings are usually attended by the CEO, the CFO and by other members of group management, members of division and segment managements or specialists, depending on the items on the agenda. The secretary to the board takes minutes of the proceedings and resolutions. The meetings generally last one day; the annual strategy meeting

lasts two days. In the reporting year, there were seven meetings, one of which was a two-day strategy meeting and one a conference call. One resolution was passed by written agreement. One member of the board was excused attendance at one board meeting, and the CFO excused attendance at another. Otherwise, all the meetings were attended by all board members, the CEO and the CFO.

Committees To assist with its responsibilities, the board of directors has an audit committee and a compensation committee appointed from among its members. The roles and responsibilities of the audit committee are described below and are published in the abridged version of the rules of organisation on the Bucher website; those of the compensation committee are listed in the remuneration report on pages 58 to 65 of this annual report. The committees report to the board of directors on their activities, findings and proposals. Overall responsibility for the tasks assigned to the committees rests with the board of directors. The annual term of office for audit and compensation committee members begins with the annual general meeting and continues until the next annual general meeting. Proceedings and resolutions of committee meetings are recorded in minutes. www.bucherindustries.com/en/investor-relations/corporate-governance

Audit committee On 19 April 2017, the composition of the audit committee was confirmed by the board of directors as follows: Heinrich Spoerry, chairman, and Michael Hauser. All of its members are non-executive and independent. The audit committee meets at least three times a year. A meeting generally lasts half a day. The chairman of the board, CEO and CFO attend the meetings in an advisory capacity. Depending on the items on the agenda, the internal or external auditors, members of group, division and segment management or specialists are consulted. Four meetings were held last year. One member of the audit committee was excused attendance at one meeting. All members of the audit committee, the chairman of the board, the CEO and the CFO were otherwise present at all the meetings. In the reporting year, the meetings focused on process management and the following scheduled duties. The audit committee pre-

pares a comprehensive and efficient group audit concept, proposes it to the board of directors and then monitors its implementation. It determines key areas of the audit plan for the external and internal audits, receives reports from the auditors and appoints the head of the internal audit function, who reports to the chairman of the audit committee. For a preliminary decision, the audit committee evaluates the independence and performance of the external and internal auditors and finally determines the level of their remuneration. The audit committee's role includes preparing the board's proposal for the appointment of the auditors, reviewing the organisation of the accounting system, ensuring the Group's financial controls and financial planning and reviewing the plans, budgets and financial statements of the Group and its group companies, including individual projects involving significant commitment of capital. The key areas of the audit plan for the external audit in the reporting year were the valuation of the intangible assets, revenue recognition and management controlling processes. The external auditors also conducted an in-depth assessment of the existence of internal controls in the areas of financial closing, reporting and sales. The external auditors attended two meetings of the audit committee. Internal audit carries out audits in the Group in accordance with the audit concept proposed by the audit committee and determined by the board. The chairman of the audit committee agrees the audit programme with the chairman of the board. The coordination and implementation of audits are delegated to the CFO. The internal audit work is contracted out externally. The head of the internal audit function reports to the chairman of the audit committee. The internal audit function reports the results of its audits to the audit committee at a minimum of one meeting each year. The internal audit plan focused on comprehensive verification and evaluation of the internal control system processes at several group companies. In the year under review, four meetings took place with the internal auditors.

Compensation committee Information about the compensation committee is shown in the remuneration report on pages 58 to 65 of this annual report.

Authority and responsibility The board has delegated the Group's operational management to the CEO, the CFO and other group management members. Their authority and responsibilities are set out in the internal rules of organisation. An abridged version of the rules of organisation is available as a PDF document on the Bucher website. The board oversees the operational management.

www.bucherindustries.com/en/investor-relations/corporate-governance

Information and control systems relating to group management As part of the management information system, the board receives monthly key figures, consolidated financial statements and management comments from group management, providing information on operational performance and performance indicators within the Group, divisions, segments and major group companies. At each meeting, the board is also informed about the course of business, important projects and risks. Once a year, it conducts an in-depth assessment of the Group's risk situation on the basis of a risk report prepared under the direction of the CEO, with the participation of members of group management and group services. Written proposals are prepared under the direction of the CEO for any major projects requiring a board decision. In addition to the chairman, one member of the board can attend each of the annual divisional strategy reviews, which are led by the CEO, in order to gain greater insight into the business. In the reporting year, the CEO, the chairman of the board and a member of the board of directors all took part in the strategy meetings. The board of directors is also supported in its supervisory and control function by internal audit and the external auditors.

This regulation corresponds to art. 29 of Bucher Industries AG's articles of association.

Management contracts Bucher Industries AG has not entered into any management contracts with third parties.

Shareholders' participation rights

Shareholders' rights with regard to remuneration are detailed in the remuneration report on pages 58 to 65 of this annual report.

Voting rights and representation restrictions There are no restrictions on voting rights or proxy voting.

Independent proxy holder The independent proxy holder is elected on an annual basis by the annual general meeting. In the reporting year, the annual general meeting of 19 April 2017 elected Mathé & Partner, Attorneys-at-Law, Riesbachstrasse 57, 8034 Zurich, Switzerland, to the office of independent proxy holder, which the firm will hold until the next annual general meeting. Art. 8 of the company's articles of association stipulates that every shareholder with voting rights can issue written or electronic proxy to arrange representation at the annual general meeting by the independent proxy holder.

Instructions to the independent proxy holder Bucher Industries AG's articles of association have no provision regarding the procedure for issuing instructions to the independent proxy holder. The board of directors determines, within the scope of legal provisions, the requirements relevant to proxies and instructions and can stipulate specific regulations. Details of such stipulations are provided with the invitation to the annual general meeting.

In the reporting year, every shareholder received, along with the invitation to the annual general meeting, a form for the purpose of issuing proxy, in writing or online, arranging representation at the annual general meeting by the independent proxy holder.

Instructions were restricted to approval, rejection or abstention on each of the proposals. For additional proposals or amendments shareholders were able to issue a global instruction to approve, reject or abstain from the respective proposal of the board of directors. In the reporting year, shareholders were given a deadline until 13 April 2017 at 3.30 pm for the issue of proxies and instructions online. Shareholders who issued proxy online were not permitted to attend the annual general meeting personally as well.

Electronic participation in the annual general meeting

Bucher Industries' articles of association contain no provision regarding electronic participation of shareholders in the annual general meeting. No such provision is planned in the reporting year.

Required quorums Resolutions at general meetings of shareholders are passed by an absolute majority of the votes of the shares represented. At least two-thirds of the votes represented and an absolute majority of the par value of the shares represented are required for special resolutions as prescribed in art. 704 par. 1 of the Swiss Code of Obligations.

Convocation of the general meeting of shareholders

There are no rules that differ from the law for the convocation of general meetings of shareholders. As provided in the articles of association, notice of a meeting is given to shareholders at least 20 days before the meeting. The notice convening the meeting sets out the agenda and resolutions to be proposed by the board and by shareholders who have requested an item to be added to the agenda. According to the articles of association, the board of directors determines the date for registration of shareholders in the share register and announces the date in the invitation. As a rule, it is stipulated that shareholders must be registered three working days before the date of the meeting. Extraordinary general meetings are called as and when required, in particular in the cases provided by law. Shareholders representing at least one tenth of the share capital may at any time request that a meeting be convened, stating the business to be transacted and resolutions proposed.

Requests for additions to the agenda Shareholders representing shares with a combined par value of CHF 20 000 may request that an item be added to the agenda. Requests for additions to the agenda must be submitted at least six weeks before a general meeting of shareholders.

Obligation to make an offer and clauses on changes of control The annual general meeting of shareholders held on 26 April 2005 adopted an opting-up clause in the articles of association, requiring a purchaser of shares to make a public tender offer when reaching or crossing the threshold of 40% of the voting rights in accordance with the Federal Act on Financial Market Infrastructures and Market Conduct in Securities and Derivatives Trading. There are no change of control clauses benefiting directors or group management members.

Auditors

Duration of the engagement and lead audit partner's tenure PricewaterhouseCoopers AG, Zurich, or its predecessor companies, has served as statutory auditors of Bucher Industries AG since 1984. The lead audit partner, Christian Kessler, has been responsible for the audit engagement since 2013.

Audit fees and non-audit fees For last year, Bucher Industries was charged CHF 1 574 110 by PricewaterhouseCoopers and CHF 955 210 by other auditors for services rendered in connection with the audit of the financial statements of Bucher Industries AG and its group companies and the audit of the consolidated financial statements of Bucher Industries and the remuneration report. In addition, PricewaterhouseCoopers charged Bucher Industries a fee of CHF 370 070 for non-audit services, comprising financial, tax and due diligence services.

Supervisory and control instruments pertaining to the audit The audit committee reviews the audit programme, key audit areas and audit plan every year and discusses the interim and closing audit findings and respective reports with the auditors. Every year, the audit committee subsequently assesses the performance, fees and independence of the auditors.

Information policy

Bucher Industries publishes the results of operations in an annual report (including a financial, corporate governance and remuneration report) and an interim report. On 29 June of the reporting year, the Group published a sustainability report in accordance with GRI4 guidelines. These publications and the invitation to the annual general meeting of shareholders are made available at the appropriate time on the Bucher Industries website.

Sales including order intake, order book and number of employees at the end of the first and third quarters of a financial year are published in press releases. The company holds an annual press conference and annual analyst conference to present full-year results. A conference call is also held at the end of the first half of the year on the day the interim results are published. Significant events are announced in compliance with the directive on ad hoc publicity issued by the SIX Swiss Exchange. A calendar of forthcoming release dates scheduled for the current and next financial year is set out in the information for investors section on page 11 of this annual report. All news releases published over the past two years as well as the contact address can be found on the Bucher website. The company's website at www.bucherindustries.com also provides a facility to subscribe free of charge to an e-mail service to receive press releases published by Bucher Industries.
